

IEEE TRANSACTIONS ON POWER ELECTRONICS

TPEL Letters Special Sections for 2025

Deadline: June 30, 2024

IEEE Transactions on Power Electronics (TPEL) Letters is seeking proposals for special sections to be published in 2025.

The special sections aim for new concepts and fast publications in the form of short letters. The proposals should include the following items.

1. The title of the special section, with a word limit of 10.
2. A brief description of the topic, with a word limit of 200.
3. The objective of the special section.
4. A list of subtopics of interest, including emerging topics and topics related to recently-developed technologies.
5. An agile guest editorial board composed by 3 or 4 Guest Editors. All members should agree to be on the guest editorial board. The guest editorial board should reflect diversity in gender, geographical location, and encourage industry. The guest editorial board should understand the manuscript process and be aware that the special section manuscripts have a fast review process (within 21 days). Note that training will be available in ScholarOne for the editors.
6. One of the Guest Editors must be designated the special section organizer. The organizer must complete the TPEL Special Section Guest Editorial Board Information form, collect CVs for the Guest Editors and Guest Associate Editors, and provide an estimate of anticipated manuscripts. For an accepted proposal the organizer must provide a Call for Papers.
7. One of the Guest Editors must write a guest editorial to be published with the special section.
8. The guest editorial board will promote the special section with colleagues and on social media.

Manuscript Process All manuscripts will be submitted through ScholarOne. A specific link will be provided for submissions. Manuscripts submitted for the special section will be managed by the guest editorial board.

***Special Sections Timeline**
